

43rd Ward Transparency Pledge

Recent events have highlighted that we deserve better from our City Council. We need representatives who maintain a high moral integrity and are committed to transparency. We pledge to be independent, transparent and stewards of good government.

We, the below signed candidates for Alderman of the 43rd Ward, are all committed to transparency for voters in our Ward. Together we have all agreed to and have currently posted our answers to "Special Interest" questionnaires, which are often private and difficult to find for the average voter, on our respective websites. We believe in what an Alderman can be; truthful to their core values in all rooms, not just in back rooms.

We are asking our remaining fellow candidates for 43rd Ward Alderman to do the same and we are proud to be joined by the majority of candidates for the office of 43rd Ward Alderman in signing this pledge.

Signed,

Lesile Fox

Derek Lindblom
